

## GENERAL SESSION

January 18, 2017

### ***Program Topic: Meeting with Governor Gary Herbert***

**Presented by: Kari Malkovich, Past President**

Governor Herbert met the WSLC members in the Capitol's Gold Room. He talked about the healthy state of Utah's economy as a shining example for the rest of the nation. Keeping the state's tax rate in order to "raise all boats" has been a successful strategy that he intends to continue. Despite that philosophy, he expressed concern over the loss of sales tax revenue due to online sales. The state has taken measures to address that loss through its recently announced deal with Amazon.

*Kari Malkovich, Gov. Herbert, Shauna Scott-Bellacomo*

The governor took time to mingle with the group and pose for pictures. The full set, from which the photos in this bulletin have been selected, is available at <http://photos.utah.gov/>.
